

# The Other Side Of Truth | Ps Rob Buckingham

## Discussion Questions

1. Have you ever found yourself on the other side of truth because of fickleness, hypocrisy or cynicism? What was the cause and effect of this in your life? How did you overcome it?
2. Do you recognise any of these three things in your life today? What is the effect? What do you plan to do to get the victory over it?
3. Discuss times in your life when you went from courage to cowardice.
4. The charge of hypocrisy is often levelled at Christians and churches because we set ourselves up as "having it all together."
5. How can we live more authentically so that we come across as real instead of hypocritical? (For further study on this listen to the message "Real Christianity is transparent" on the bayside church website).
6. Have you ever considered that truth is not just a "thing" but a person? What are the implications of this - of Jesus being THE truth?
